A person wearing a white short-sleeved shirt with a small pattern and a striped scarf is looking at a smartphone. In the foreground, a wooden table is cluttered with travel items: a stack of white folded clothes, a smartphone in a brown case, a pair of sunglasses, a red notebook, and three black travel mugs. A grey hoodie is draped over the left side of the table. The background is a bright, out-of-focus interior space.

quotes

"whenever I travel, I only use my phone to update my family or post a quick status.. I don't want anything complicated that keeps me glued to the screen."

"I feel like using my phone while traveling is a waste of my time there. I still do it though, just considerably less."
